execute the application papers. In the Decision on Petition Under 37 CFR 1.47(b), it was stated that the Petition would not be granted until supplemental materials were submitted to satisfy Item (2), concerning factual proof of either the inventor's refusal to execute the application or that the sole inventor can not be reached after diligent effort. Therefore, please find enclosed a newly executed Declaration of Mr. Eric Fourboul, Manager of Go Albert France SA; the English Translation of the entire Minutes of Summon of the Bailiff to Mr. Nicolas Germain; and a copy of e-mail exchanges in English between Mr. Nicolas Germain and employees of Go Albert France SA in London, England. These new documents establish that Mr. Nicolas Germain knows English well enough to understand the contents of the specification and declaration that he was asked to execute. As the enclosed new Declaration of Mr. Eric Fourboul establishes, the original specification of the application filed in the U.S. under 35 U.S.C. § 371 was in French, which is Mr. Nicolas Germain's native language. Also within these new documents is a complete English translation of the Minutes of Summons of the Bailiff who personally received the inventor's refusal to sign the declaration.

Being filed herewith is a Request for Extension of Time of three months, together with the small entity fee therefore. No additional extensions of time are believed to be necessary, but if any are deemed to be due, please charge the fees therefore to Deposit Account No. 12-2424.

DECLARATION

I, the undersigned, Eric Fourboul, residing at 62, rue Lumarcq, FR-34000 Montpellier, France, declare that I am Manager of Go Albert France and hereby testify from my personal knowledge that Nicolas Germain, a citizen of France, residing at 37, rue Jean-Pierre Brady, FR-69100 Villeurbanne, France, is knowledgeable of written English and can speak English well enough to have understood the content of the English specification of the Patent Application and declaration which he was asked to execute and refused to sign. Further, Mr. Nicolas Germain was already well aware of the content of the English specification of the Patent Application, since the original International Application was in the French language.

At the time Mr. Nicolas Germain was an employee of our company, we had a dispute during which Mr. Nicolas Germain reproached us to have refused to him a job as a commercial technician in our London team. We have in our files copies of exchanges of e-mails in English between Mr. Nicolas Germain and our London team, among which no one speaks French. These e-mails refer to a visit made by Mr. Nicolas Germain in London to work with that team. In one of these e-mails, a member of our London team wrote: "It was a pleasure to see you in London and we all think your English was very good". Copies of those e-mails are attached. Please note that the French language appearing in the e-mails was added for purpose of court action.

I also recall that in June 2002, Mr. Nicolas Germain reviewed and then signed an English document entitled "Assignment of Invention" by which he sells, assigns and transfers to Albert-Inc. SA the entire right, title and interest for the whole world, including the United States of America, on June 28, 2002. That document is in English language. At that time, Mr. Nicolas Germain did not argue that he did not understand written English.

Made in Montpellier, this 3 day of October, 2006.

Eric Fourboul
